of the Board of Officers of the  
**TOWN OF CLARENDON**  
**VERMONT**

For The Year Ending December 31st  
**1966**

## TOWN OF CLARENDON BUDGET

	1966	Estimated 1967
Roads	\$33,788.54	\$33,800.00
Office Expense	881.84	.....
Officers' Pay	.....	900.00
Civil Defense, etc.	3,135.08	3,000.00
Interest and Insurance	1,791.42	1,500.00
Fire Department	800.00	800.00
State and County Tax	4,799.43	4,800.00
Overseer	5,880.73	5,900.00
Miscellaneous	503.27	500.00
Lister's Account	1,062.26	1,500.00
Total Debt to School Account	55,000.00	55,000.00
	<hr/>	<hr/>
Total	\$107,642.57	\$107,700.00
Receipts Other Than Taxes	28,761.72	25,000.00
	<hr/>	<hr/>
Balance	\$78,880.85	\$82,000.00

Using the 1966 Grand List (\$9,067.92) and changing from the present rate of 20% to 50% as the State requires the Grand List would be \$22,669.80.

With this Grand List and an estimated budget of \$82,000.00 as above a tax rate of \$3.50 would pay current expense and all debt without borrowed money.

MARY H. PRATT, Town Clerk

Dated at Clarendon

March 1, 1966.

## SELECTMEN'S REPORT

---

At the first meeting of the Selectmen for the Town of Clarendon, held on March 3, 1966, Earl Turner was appointed Chairman and the Town Clerk, Clerk of the Board.

Other officers appointed were—

Fence Viewers—Richard Pratt, Russell Powers and Henry Potter

Pound Keepers—Isadore LaVictoire and Bernard Burke

Weigher of Coal—John Pratt

Inspector of Wood, Shingles, etc.—Howard Pierce

Health Officer—David Miller, recommended by the Selectmen and appointed by the State Board of Health

Fire Warden—William Lind, recommended by the Selectmen and appointed by the State

Tree Warden—Howard Pierce

At various times the Selectmen discussed putting "Bridge Money", Listers' Funds, etc., in separate bank accounts but decided against so doing because this would necessitate borrowing more money for the General Account.

The Listers with Mr. Bordeau, the State Appraiser, met with the Selectmen to discuss the new property appraisals recommended by the State. It was decided to go ahead with such appraisals at once, Mr. Bordeau to work with the new Lister in particular for a week or two.

Mr. Holden requested a meeting of the Board of Civil Authority for the abatement of taxes. Said request was granted and a date for the meeting was set for April 7, when certain Delinquent Taxes were abated as requested by the Tax Collector.

Payment of Social Security having been requested by certain of the Townspeople, the Selectmen considered the matter and decided to grant the request. The Town began the Social Security Program on July 1, 1966.

The bridge over Alfrecha Crossroads was placed under the direction of the State Highway Board. It cost between 49 and 50 thousand dollars of which the Town will pay about \$10,000.00.

The bridge was completed in November and is now open for travel. Town road mileage was checked with the District Highway Commissioner and plans were made for summer work. New construction on the Middle Road from Ingalls corner to the Frantz property was completed and other construction and road work done.

Earl Turner as Chairman of the Board of Selectmen was Chairman of the Town Planning Commission as voted at the last Town Meeting. He appointed the following, with the approval of the Selectmen, as members of the Commission: Joseph Ferrari, David Miller, Robert J. Pratt and Reginald Wilson, Sr. Several meetings of the Commission were held at one of which Mr. James Griffith of the C.V.P.S. Corp. of Rutland met with them to tell something of such Commissions in other Towns. Nothing was decided. Certain items about the Planning Commission will be included in the Warning for the coming Town Meeting and voted upon by the people at that time.

The following were appointed Special Constables with the duty of protecting school children crossing Route #7: Betty Milo, Fanny Pinkowski, Florence Carrara, Phyllis Davis, Joan Bixby and Anna Daly.

At a Republican Caucus, held on August 30, the following were nominated Justice of the Peace: Ralph Bristol, Leland Congdon, Paul Shedd, Joseph Raiche and Willard Squier. They were elected at the General Election in November.

William Lind resigned as Fire Warden and Bernard Gregory was recommended for the office by the Selectmen. He was appointed by the State.

David Miller resigned as Health Officer and as yet no one has been found who will accept the office.

The Town Listers have been hard at work on the new property appraisals hoping to have them completed to take effect this year. By State Law property will be listed at 50% of its appraisal at fair market value.

We, the Selectmen of your Town submit this report to you, hoping it will meet with your approval.

Respectfully submitted,

EARL F. TURNER  
REGINALD C. WILSON  
PERCY E. TEER

Selectmen

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Directors and Citizens of Clarendon:

The Clarendon Schools opened on Wednesday, September 7, 1966, with an enrollment of 156 pupils, a decrease of two from last year.

The faculty of our schools as listed on another page shows two new teachers; Mr. George Eddy, Jr., of Rutland, for the upper grades in East and Miss Reta Gilmore of Ira for the Springs School. Mrs. Alta Johnston of Ira returned to the Chippenhook School.

The same plan of assigning pupils to the five schools in the district was followed for this school year as was begun last year. The eighth grade at the Flats School is under the direction of one teacher.

Transportation is increasing each year and is becoming a larger part of the budget.

Clarendon's high school pupils attend Rutland High School and West Rutland High School. Seven pupils are at West Rutland and forty-nine at Rutland. Tuition charges are increasing rapidly and in the next school year will be the largest item in the school budget. Rutland's tuition will be \$730 per pupil and West Rutland's increases to \$600.

The Federal Funds received by Clarendon under Title I and Title II of Public Law 89-10 were used last spring for field trips, teachers' aides, audio-visual equipment and library books. This year we will receive approximately 80% of last year's amount. Plans are being made to do more in Health activities and to continue field trips. More library books will be purchased.

The total cost of operating the Clarendon Schools in the school year 1965-1966 was \$83,293.03. Federal funds of \$1,406.79 were spent in addition to this.

In the school year of 1967-1968, beginning next July 1, the budget recently adopted by the School Directors totals \$109,520.00. This represents a substantial increase over the budget for the present school year.

The largest items in the budget for the next year are high school tuition, teachers' salaries, and transportation in that order. These three items are increasing each year. The school tax will have to increase to pay for these costs.

I would like to close my fourteenth report in expressing my appreciation for the cooperation of the School Directors, Parents, and pupils of Clarendon.

Respectfully submitted,

EDSON E. PHELPS,  
Superintendent

**VERMONT STATE DEPARTMENT OF HEALTH  
ANNUAL TOWN REPORT, 1966**

This is a report to the residents of your town describing the health services which have been rendered during the state fiscal year July 1, 1965 through June 30, 1966. These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in a town or city, we make every effort to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of Clarendon:

Attendance at well child conferences	131
Pediatric consultations for child health problems	—
Number of children given diagnostic services at hospitals	—
Number of children financially aided with hospitalization	—
Number of children aided at handicapped children's clinics for speech, hearing, orthopedic, plastic, neurological, or cardiac problems	9
Dental health education, number of children served in schools	—
People X-rayed for tuberculosis detection	11
People X-rayed for occupational diseases	15
Attendance at tumor clinics	2
Attendance at diabetes clinics	15
Diphtheria, Tetanus, Whooping-Cough immunizations	64
Polio immunizations	310
Smallpox immunizations	37
Measles immunizations	—
Number of water samples tested (private and public supplies)	28
Food and dairy products tested	1

Blood specimens (pre-marital, pre-natal, and other)	34
Other laboratory specimens	21
Nutrition, dietary consultations to institutions, groups, and individuals	—
Sanitary inspections, consultations (food and lodging, camps)	53
Water, sewage disposal, public buildings and other inspections	7
Hospital and nursing home inspections and consultations	—
Public Health Nurse home visits	193
Number served by Public Health Nurse visits	75

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.,  
Commissioner of Health

**VERMONT DEPARTMENT OF SOCIAL WELFARE**  
**Montpelier, Vermont**

This thirty-first in the series of annual reports submitted to the people of Clarendon presents tabulations for the calendar year 1966. In the Department of Social Welfare's program of assistance to the aged, blind or disabled 30% of the costs of hospital and physician services, as well as the excess over \$80.00 per month in Nursing Home Care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care	\$40.50
Hospitalization Services	\$451.43
Physician Services	\$84.30

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$88.03 and for the latter \$0.00 for the year just closed.

During 1966 assistance was granted to 7 residents in your community under the Aid to the Aged, Blind or Disabled program. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services, Medical Aid for the Aged, and Medical Assistance. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,

Commissioner of Social Welfare

Alan Ridlon thanked the people in the name of the Fire Company for the money which they voted the Company last year and hoped the people would vote a like sum this year.

Evening meeting was recessed until the next day when certain questions would be voted upon by Ballot.

Respectfully submitted,

MARY H. PRATT, Town Clerk

Dated at Clarendon, Vt.

March 7, 1967.

"A citizen is qualified to vote in a municipal meeting if by the meeting day he is twenty-one years of age, has taken the Freeman's Oath and has resided in this State one year and in the municipality one hundred and eighty days next preceeding the meeting."

## SELECTMEN'S REPORT

At the first meeting of the Selectmen of the Town of Clarendon held on March 9, 1967 (members present Reginald Wilson, Sr., Percy Teer and Joseph Raiche, Jr.) Reginald Wilson was appointed Chariman of the Board and Town Clerk, Clerk of the Board.

The following officers were appointed.

Fence Viewers—Richard Pratt, Henry Potter, Russell Powers

Pound Keepers—Isadore LaVictoire, Bernard Burke

Weigher of Coal—John Pratt

Inspector of wood, shingles, etc.—Howard Pierce

Health Officer—Alan Burr

Fire Warden—Bernard Gregory

Tree Warden—Howard Pierce

Isadore LaVictoire resigned and Bernard Burke moved out of Town.

No one has been found to hold these positions.

Joseph Raiche resigned as Lister during the summer after the Property Reappraisal was completed but has since withdrawn his resignation.

Edward Congdon resigned as Auditor and Carrol Weeks was appointed to act for this year. As Edward Congdon had one more year as Auditor some one will have to be elected at the coming Town Meeting to act for one year. An Auditor to act for a term of three years will also have to be elected.

Alfrecha Bridge was completed in the Fall of 1966 at a cost to the Town of \$13,168.87.

Work on summer roads (State Aid) was discussed with John Durkee, District Road Commissioner, and plans were made for Summer work.

Plans for a Rutland County Regional Planning Commission were discussed and the following members were appointed: Reginald Wilson, Sr., Robert J. Pratt, David Miller, Bernard Gregory and Joseph Raiche, Jr. Robert Pratt later resigned. Reginald Wilson, Sr. is the official representative at the monthly meeting of the Commission.

For further details see report in Town Report.

A committee to study and draw up Zoning Ordinance was appointed as follows: H. B. Pratt, Reginald Wilson, Joseph Raiche, Jr., and Alan Burr.

Thinking zoning not advisable the Selectmen have procured an outline for a Building Code which they feel will be more satisfactory. See copy of same in Town Report. The matter of a Building Code is to be voted on in the coming Town Meeting.

Use of the Wallingford Dump has been considered and discussed with the Wallingford Town Officers. The Selectmen decided that Wallingford's charge for the use of its Dump by the Town of Clarendon was too much. Mr. Wilson talked with Rutland officials about the Town's use of Rutland City Dump and an agreement was reached for the use of that Dump for a year for \$20.00 per month.

The Selectmen have purchased Rutland Railroad land between the Flats School and the Rutland Railroad Right-of-way for \$150.00.

A petition was received for a Special Town Meeting to rescind the tax voted at the last annual Town Meeting and to vote a new tax rate. Said meeting was warned and held on July 25, 1967. At that time the Listers had finished reappraisal of Town property and the Grand List Book had been lodged in the Town Clerk's office. At the Special Meeting above noted the tax voted in the previous Town Meeting was rescinded and a new tax of \$4.65 (General - \$1.25, School - \$3.40) was voted.

One junk yard license to Starr and Seagren was refused.

At the request of the Town School Directors and the Union School District Planning Committee a second special meeting was held to vote upon joining a Union School District made up of the Towns of Rutland, Proctor, West Rutland and Clarendon. Proctor and West Rutland voted against the Union District School.

We, the Selectmen of your Town, submit this report to you hoping it will meet with your approval.

REGINALD C. WILSON

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

The Clarendon Schools opened on Wednesday, September 6, 1967, with an enrollment of 189 pupils, an increase of thirty-three over last year.

This has been a year of change in your schools. Beginning this fall, the seventh grade pupils were assigned to the Flats School and now this building houses all the seventh and eighth grade pupils. Mrs. Alta Johnston and Mrs. Lyola Mangan are teaching subjects in both grades. We feel that better instruction will result with pupils from all over town together in these grades.

It was possible to employ a music teacher this year to go to all the schools once a week and provide instruction in this area. Mrs. Doris Keyser has been working in this field. The fine program presented by the pupils in December show the results she has accomplished thus far.

Your School Directors also began a dental program this fall for the children. They purchased a dental chair and the other necessary equipment and supplies. Mrs. Lynette Given, a dental hygienist, has been administering this program. We feel that this treatment is one of great importance to the Clarendon children.

One change in the faculty of your schools finds Mr. Thomas Lewis teaching the upper grades at the North School in place of Mrs. June Sherrer who resigned to teach elsewhere. Another vacancy was created by moving Mrs. Johnston to the Flats School and this was filled by Mrs. Nina Morgan.

Your School Directors are currently still studying the union high school problem. In January they will meet with Rutland Town, Wallingford and Mt. Holly to explore the possibilities of a union high school district with these towns.

We are facing a need to do something about a building for our elementary pupils. Our present schools with the exception of the North School were intended to serve each area of town and have several grades in each room. Now that we have placed the seventh and eighth grades in the Flats School and moved pupils in other grades to the other buildings, we find that in some cases schools are overcrowded and do not adequately serve the children. Our goal should be to have a classroom for each grade. Your School Directors would like to study the construction of an addition to the North Clarendon School to house all the pupils with a single grade in a classroom. They will ask authorization at Town Meeting to develop this idea.

Clarendon has high school pupils for which the district pays tuition attending West Rutland High School and Rutland High School. There are eight pupils at West Rutland and forty-three at Rutland. Tuition costs are \$600 per pupil at West Rutland and \$730 at Rutland.

For the last school year ending June 30, 1967, the total cost of operating your schools was \$96,800.23. Federal funds amounting to \$2,600.85 were spent in addition.

For the coming school year of 1968-69, a budget recently adopted by the School Directors totals \$121,000. 80% of this amount will go for teachers' salaries and tuition.

I would like to thank the School Directors and teachers for the cooperation I have enjoyed over the past year.

Respectfully submitted,

EDSON E. PHELPS,  
Superintendent

## CLARENDON FIRE ASSOCIATION

The Clarendon Fire Association is pleased to report that the past year has been a period of steady growth in most areas of operation.

Progress and change are indicated by the following accomplishments:

Completion of the exterior walls of the firehouse by the application of siding and paint.

The meeting room has most of the exterior walls finished and the ceiling is strapped and ready for tiling. The room is being used by the firemen, Ladies Auxilliary, 4-H groups, Boy Scouts, and the town schools for various clinics and other activities.

Training courses completed this past year are as follows:

18 men completed the basic 45 hour fire-fighting course.

10 men completed a variety of Advanced fire-fighting courses presented at the Norwich Fire College.

10 men have completed an advanced first-aid course.

The Fire Department responded to 25 fire calls during the past year.

Over three thousand hours of time was contributed by the firemen—which averages about 100 hours per man.

25 men are fully equipped with coats, boots, helmets and gloves, with an approximate cost per man of \$62.00, and with each man paying \$40.00 towards his own equipment.

Clarendon received state-wide recognition in the past year for department activities. Trophy awards were as follows: Vt. State Fireman of the Year—Chief Alan Ridlon; Most in Line of March — State Convention at Barre; Best Attendance at State Convention — Barre; Chief Koltonski Trophy, for high score in firemans sport events — State Convention at Barre; Best Appearance — at Rutland Fair Muster; Mid-night Alarm Trophy —At Rutland Fair Muster.

The old Chippenhook truck has been sold to Tinmouth Vol. Fire Dept., and a heavy-duty International with a 1000 gal. tank has been purchased to replace it. The new truck is outfitted with a new portable pump, donated by the many friends of Robert Jones as a memorial to his devoted service to the depart-

ment. The new truck has all new equipment and has cost the department approximately \$3,000.00.

This year we are asking for \$1,500.00 from the town which is \$700.00 more than past years. We felt the increase necessary because of our increased operating expenses. We find that the cost of fuel oil, gas, electricity, and insurance is approximately \$1,100.00 annually, and replacement of old equipment easily would run an additional \$400.00.

Each year the firemen, in conjunction with the Ladies Auxilliary, raise through activities, socials, etc. approximately \$2,000.00. Therefore we sincerely hope that you will find it to your best interest and satisfaction of your fire department to vote us this sum of money.

Respectfully Submitted,  
President—BERNARD G. GREGORY  
Chief—ALAN G. RIDLON

## STATEMENT REGARDING PROGRESS AND PRESENT STATUS OF TOWN OF CLARENDON CIVIL DEFENSE ORGANIZATION

24 January 1968

On or about 20 November 1964, this office was notified of the appointment of Bernard G. Gregory as Civil Defense Town Chairman for the Town of Clarendon.

Shortly after the appointment, Mr. Arah W. Hicken, State Civil Defense Staff, called on Mr. Gregory and explained the responsibilities of a local chairman.

Mr. Gregory immediately proceeded to reorganize and expand the former local organization and submitted a revised

Town Organizational Plan supported by enrollments for all members of this office for approval.

Mr. Gregory has exhibited excellent qualities of leadership and has increased the number of members enrolled to fifty-three (53).

Members of the State Civil Defense Staff have met several times with the group and have conducted several training exercises where the local organization has been presented with simulated natural or nuclear situations and problems. These have been discussed and solved by the group in a satisfactory manner. Each time these training exercises are held it has been noted that problems are solved more expeditiously than the previous time. This would indicate that the members of the organization have made progress and are much better qualified to handle any situation should it arise.

It is recommended that serious consideration be given to the establishing of an Emergency Operating Center where the local Civil Defense Organization could assemble if any type of disaster demanded such action. This EOC could provide suitable protection against radioactive fallout or from a natural disaster, and permit the local Civil Defense Staff to carry out their designated assignments in any emergency.

The residents of the town should realize that your Civil Defense Chairman and the members of your Civil Defense Organization volunteer their time and efforts, and must have the wholehearted support and cooperation of all local citizens in order to better carry out their mission.

RICHARD C. HOLMES  
Deputy Director of Civil  
Defense

**Annual Town Meeting Report**  
**RUTLAND REGIONAL PLANNING COMMISSION**

**January 30, 1968**

In March 1967, the Town of Clarendon took an important step toward coordinated and comprehensive planning of its future growth and development by joining the Rutland Regional Planning Commission. Its appropriation of \$1,000.00 for a two year program (when added to the other seventeen member communities and multiplied by state and federal funds), will provide for the preparation of area-wide plans.

Subsequent to the March 1967 town meeting, a number of steps have been taken toward the program:

1. Designation of commissioners and alternates for the purpose of representing each community. Mr. Reginald Wilson serves as the town Commissioner and Mr. David Miller as the Alternate.
2. Election of Officers: Chairman-John Mulligan, Castleton; Vice Chairman - George Oakman, Rutland; Secretary - Mrs. Stevia Chaffee, Rutland Town; Treasurer - George Megrath, West Rutland.
3. Hiring of a temporary Director, Herb Gebelein, to initiate the program.
4. Writing of a "Scope of Services".
5. Submission of an application for an urban planning grant from the Department of Housing and Urban Development-Urban Planning Assistance Program.
6. Hiring of a full-time Executive Director, Russell Morgan.
7. Acquiring office space at 12 Wales Street, Rutland, and purchase of office equipment.

In the summer of 1967, the temporary director requested a list of priority problems from each community. Heading most such lists were water, sewers, solid waste disposal, education, pollution, zoning ordinances and building codes, recreation, highways, public facilities, etc. Using these as a basis, and in conjunction with the aid of Wallace Farnum of the Central Planning Office, a "Scope of Services" was written which will provide member communities with day-to-day aid on some planning problems as well as studies, plans, and implementation pro-

cedures. For instance, base maps will be drawn, buildable land designated, population, housing and economic base studied, and land use surveyed and mapped to indicate development patterns.

Looking to the future, desirable goals and a general development policy for the region will be set forth. A recreation plan will be prepared at the regional and local levels. A general transportation plan will be prepared for the region and its communities. Recommendations will be developed concerning future requirements and general locations for such facilities as schools, libraries, hospitals, police, solid waste disposal, etc. Recommendations will be made concerning areas currently served by public sewers, proposed extensions and additions to existing systems, and the need for new systems whether individual or combined. Recommendations will also be made for the protection of major natural drainage courses, and for necessary further studies to develop new sources of water supply. Short-range and long-range water and sewer programs indicating schedules of priorities, cost estimates, and methods of financing will be developed. The utility studies are necessary in order to meet Federal requirements for Water and Sewer Facilities Grants.

To implement the plans, capital improvement programs, capital budgets, zoning ordinances, and subdivision regulations, and the basis for official maps will be prepared. A citizen education program including material, seminars, explanation of the planning process, tours, guidance in creating graphic and written materials for public relations purposes, and a newsletter will be prepared. Final and summary reports will present the studies and plans.

It has been an eventful period. Many have worked hard and long without compensation. If the spirit of cooperation and willingness to serve continues at the same high level, the future looks favorable, not only in terms of studies and plans, but also in terms of a continuing planning effort.

## CLARENDON VERMONT PROPOSED ZONING ORDINANCE

**SECTION I. Title** This ordinance shall be known and cited as the Town of Clarendon Zoning Ordinance.

**SECTION II. Purpose** This ordinance is generally designed to promote the health, safety, and general welfare of the inhabitants of the Town of Clarendon, to protect the valuable property, to provide adequate light and air, to facilitate the adequate provision of schools, water, transportation, sewage and other public requirements.

**SECTION III. Definition** Unless otherwise expressly stated, the following words shall, for the purpose of this ordinance, have the meaning herein indicated. Words used in the present tense include the future. The singular number includes the plural and the plural the singular. The word, "person", includes a partnership, corporation or other entity. The word, "building" includes the word "structure". The word "shall" is mandatory, not directory.

- (a) **Accessory Use** A use subordinate to and incidental to the principal use of land or building.
- (b) **Building** Any structure enclosed and insulated by exterior walls constructed or used for residence, business, industry, other public or private purposes, or accessory thereto, excluding structures for the storage of crops.
- (c) **Dwelling** A building or part of a building which contains living and sleeping accommodations for permanent occupancy.
- (d) **Frontage** That portion of a lot which is adjacent and parallel to a public street.
- (e) **Junk Yard** Any place of storage or deposit, whether in connection with another business or not, where three (3) or more unregistered, old or secondhand motor vehicles, no longer intended or in condition for legal use on the public Highway, are held.
- (f) **Lot** A parcel of land occupied or to be occupied by a building, together with such open spaces as are required by the provisions of this ordinance.
- (g) **Mobile Home** Any vehicle used, or so constructed as to permit its being used as a conveyance upon the public

streets, and designed to permit occupancy as a dwelling for one or more persons.

- (h) **Non-Conforming Use** A use of land, building, or premises which is not a use permitted by the provisions of this ordinance.
- (i) **Premises** A lot as defined in this section, including any buildings thereon.
- (j) **Property Line** The line dividing adjacent lots.
- (k) **Public Street** A thoroughfare, road, highway, or public way open and available to public use. "Street" shall mean the entire width of the right-of-way.
- (l) **Set Back Street Line** The line dividing the street and a lot. Where the width of a street is not established or cannot be determined, the street line shall be considered to be 30 feet from the center of the street.
- (m) **Side Yard** The distance between the nearest portion of a building on a lot and a side property line of the lot.
- (n) **Cabin** The word "cabin" shall include a cabin, camp, or similar structure for overnight, occasional or vacation use.
- (o) **District** A specific portion of the municipality as established by the provisions of Section 4 of this ordinance.

**SECTION IV Classes of Districts** For the purpose of this ordinance, the area of the Town of Clarendon is hereby divided into the following classes of districts:

- (a) The rural district, which shall be designated as District A.
- (b) The village districts, which shall be designated as District B.

The boundaries of these districts shall be established, and a Zoning Map of the Town of Clarendon shall be drawn up to specify these districts and said map shall become a part of this ordinance.

#### **SECTION V. Minimum Requirements**

- (A) District A.
- (a) No building or premises, except as set forth below in Section V, shall be used and no building shall be erected, for the use as a dwelling, except in conformity with the following minimum requirements:
  - (1) **Lot Size** A lot shall be no less than one acre in area.

- (2) **Frontage** Each lot shall have at least 150 feet of frontage on a public street, if such a lot is adjacent to a public street.
  - (3) **Set Back and Side Yard** A building shall be placed on a lot at least 25 feet from the public way and 30 feet from any other property line.
  - (4) **Sewage Disposal** A dwelling shall have a suitable sewage disposal unit which meets existing ordinance regulations and which does not impair the health of others.
  - (5) **Water Supply** Each dwelling shall be equipped with a suitable water supply.
  - (6) **Floor Area** A dwelling shall have at least 800 square feet of first floor living area, exclusive of basements, utility rooms, garages, breezeways, or other spaces not customarily used for living purposes.
  - (7) **Siding** All dwellings shall be equipped with siding which does not detrimentally effect adjoining property values. A newly constructed dwelling shall be in conformity with this section if such siding is substantially installed within three years from the time the foundation is substantially complete.
- (b) **Mobile Homes** The use of a mobile home for a dwelling shall be permitted provided such requirements as apply to the dwelling as set forth above in A are met. However the minimum floor area requirements for living purposes shall be reduced to 320 square feet for the first two occupants, and an additional 25 square feet for each additional occupant. The Administrative Officer shall issue a permit in the original instance and shall thereafter renew the permit at twelve month intervals provided he finds the foregoing conditions have been met, and provided a special fee of \$100 is paid at the time the permit or the renewal permit is issued, such fee to be refunded if a regular real estate tax or personal property tax, as the case may be, is paid to the Town of Clarendon for such mobile home.
  - (c) **Cabins** Cabins shall be permitted provided such requirements as apply to dwellings are met with regard to lot size, frontage, set-back, sewage, and siding if such cabin is within view of a paved road or within 200 yards of a dwelling.

## (B) District B.

The same provisions as set forth for District A shall apply, except as follows:

- (1) **Lot Size** A lot shall be at least one-half acre in area.
- (2) **Frontage** Each lot shall have at least 100 feet frontage.
- (3) **Set-Back or Side Yard** A building shall be placed on a lot at least 20 feet from any other property line.

**SECTION VI. Non-Conforming Uses** Any non-conforming use of land or building legally existing at the time of the adoption of this ordinance, or of any pertinent amendment thereto, may be continued, subject to the following regulations:

- (a) A Non-conforming use may be changed to a conforming use upon approval by the Administrative Officer.
- (b) A non-conforming use may be changed to another non-conforming use only upon approval of the Board of Adjustment which shall find that such use is no more objectionable in character than the old use.
- (c) No non-conforming use of a building or lot which has been discontinued for a period of two years shall be thereafter resumed, without the approval of the Board of Adjustment.
- (d) A non-conforming use, damaged or destroyed by fire, accident or other causes, may be repaired or reconstructed to its condition prior to such damage or destruction provided such work is undertaken and completed within three (3) years after damage or destruction.
- (e) A non-conforming building or lot may be extended or expanded upon approval of the Board of Adjustment, and upon a finding that such extension or expansion does not substantially increase the non-conforming nature of the use.
- (f) Nothing in this section shall be construed to prevent continuing use of an existing non-conforming use, in the condition at which it exists at present.

**SECTION VII. Prohibited Uses** To further the purposes of this ordinance, and to further clarify other sections and provisions contained in this ordinance, the following uses shall be expressly prohibited in the Town of Clarendon.

- (a) Storage outside a building and on the same lot of more than 3 used or secondhand motor vehicles, which are unregistered

for operation on the highway, unless such vehicles are confined within the limits of a licensed junk yard, or similarly licensed business.

- (b) **Dumping, storing, burying, reducing, disposing of or burning garbage, refuse, scrap metal, rubber, offal or dead animals, except such as result from the normal use of the premises, unless such activity is carried on at a place provided for by the Town of Clarendon for such specific purposes.**

## SECTION VIII. Administration and Enforcement

- (a) **Administration Officer** The provisions of this ordinance shall be enforced and administered by an Administrative Officer appointed by the Board of Selectmen as provided by law.
- (b) **Permit** Before any land or building is devoted to a new or changed use or before the erection, structural alteration or extension of any building, a permit shall be obtained from the Administrative Officer. Application for such permit shall be made on a form prescribed and approved by the Board of Selectmen, and certified as correct by the applicant. In issuing such permit, the Administrative Officer shall certify that the applicant has met the provisions of this ordinance.
- (c) **Records** The Administrative Officer shall keep on file and available to the public, a full and accurate record of all applicants, permits, and violations received, issued or incurred during the course of his administration.
- (d) **Violations** Any person who violated a provision of this ordinance shall be subject to a fine of \$25 for each 24 hours, or fraction thereof in which he is in such violation. Appropriate action or proceedings shall be instituted by the Board of Selectmen to prevent such violation or to prevent continuation or furtherance of the violation. Recovery of the sum of money constituting the fine shall be made through an action before a justice of the peace in Clarendon, a municipal court, or the county court.

## SECTION IX. Board of Adjustment

- (a) The Board of Selectmen shall appoint a Board of Adjustment consisting of five members as provided by law. The Board of Adjustment shall adopt rules of procedure in ac-

cordance with statutory provisions, and shall have the following powers:

- (1) To hear and decide appeals where it is alleged that there is error in any order, requirement, decision or determination made by the Administrative Officer in the enforcement of this ordinance.
  - (2) To hear and decide all matters including special exceptions upon which such Board is required to pass by the provisions of this ordinance, in conformity with standards set forth herein, and any supplementary requirements adopted and made public by such Board.
  - (3) To authorize upon appeal in specific cases such variance from the terms of this ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of this ordinance will result in unnecessary hardship, and so that the spirit of this ordinance shall be observed and substantial justice done.
  - (4) To hear and decide appeals on the assessment of any fine by the Administrative Officer. The Board of Adjustment may reduce, but not increase, the amount of any fine assessed by the Administrative Officer.
- (b) The cost of applications and appeals to the Board of Adjustment shall be borne by the applicant.

**SECTION X. Amendments** This ordinance may, from time to time, be amended or changed by vote at the annual Town Meeting or a special meeting held for the purpose thereof and in accordance with the statutes of the State of Vermont.

**SECTION XI. Validity** If any section or provisions of this ordinance is adjudged to be unconstitutional or otherwise invalid, such decision shall not effect the validity of the ordinance as a whole or of any part thereof other than the part so adjudicated.

**SECTION XII. Effective Date of Adoption** This ordinance shall take effect upon the date of its approval by the legal voters of the Town of Clarendon.

**VERMONT DEPARTMENT OF SOCIAL WELFARE**  
**Montpelier, Vermont**

This thirty second in the series of annual reports submitted to the people of Clarendon presents tabulations for the calendar year 1967. You may note a reduction in some or all categories of charges assessed your community. This is due primarily to passage of the Welfare Act by the 1967 session of the Legislature and in particular by its elimination of town sharing in programs administered by the Department of Social Welfare. Charges assessed your community were for goods and services received by the recipients prior to July 1, 1967. On those provided after this date there was no local participation.

In the Department of Social Welfare's program of assistance to the aged, blind or disabled 30% of the costs of hospital and physician services, as well as the excess over \$80.00 per month in Nursing Home Care, were assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care	\$159.74
Hospitalization Services	\$188.87
Physician Services	\$ 11.10

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children was at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children were borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$7.76 and for the latter \$0.00 for the year just closed.

During 1967 assistance was granted to 8 residents in your community under the Aid to the Aged, Blind or Disabled program. Direct money payments to these persons were financed entirely out of the state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services, and Medical Assistance. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,  
 Commissioner of Social Welfare

**VERMONT STATE DEPARTMENT OF HEALTH**  
**ANNUAL TOWN REPORT, 1967**

This is a report to the residents of your town describing the health services which have been rendered during the state fiscal year July 1, 1966 through June 30, 1967. These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in a town or city, we make every effort to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of Clarendon:

Attendance at well child conferences	5
Pediatric consultations for child health problems	—
Number of children given diagnostic services at hospitals	1
Number of children financially aided with hospitalization	—
Number of children aided at handicapped children's clinics for speech, hearing, orthopedic, plastic, neurological, or cardiac problems	13
Dental health education: number of children served in schools	166
People X-rayed for tuberculosis detection	14
People X-rayed for occupational diseases	25
Attendance at tumor clinics	2
Attendance at diabetes clinics or physician screening for diabetes	35
Diphtheria, Tetanus, Whooping-cough immunizations	3
Polio Immunizations	87
Smallpox immunizations	—
Measles immunizations	19
Number of water samples tested (private & public supplies)	32

Food and dairy products tested	—
Blood specimens (pre-marital, pre-natal, and other)	27
Other laboratory specimens	18
Nutrition, dietary consultations to institutions, groups, and individuals	—
Sanitary inspections, consultations (food & lodging, camps)	64
Water, sewage disposal, public buildings & other inspections	20
Hospital, nursing home, and home health service in- spections and consultations.	—
Public Health Nurse visits	164
